Kind words

"I'm obsessed!!! Thank you so much for giving me a booty! Already, after one session my hip dips are GONE, the cellulite on my legs is GONE and my butt is so round!! Can we do jaw next??"

"Trisha!!! You are a booty Queen. A booty angel. I don't know how you do it. But I'm in love!! Thank you!!!"

"OMG!!! Even my back is looking much better! Wow I really didn't realize how well it's working til I saw the inches!! My belly pooch is finally disappearing!"

Who is Trisha?

Hello love!

My name is Trisha Wilson. A few years ago, I was in a very car accident. I sustained a bad brain injury, many physical injuries, and I was told I would never work again.

I am the type of person who craves a purpose and loves to help people. Upon searching for my new calling, I came across body contouring - which is 100% non-invasive and a gentle way to reduce unwanted/stubborn fat and stimulate muscle growth. After much research, consideration and certification, I decided to take the leap and get my business started. I wanted my clients to feel comfortable and cozy during their treatments done so my family and I built a serene studio at our home where I offer all of the treatments. All of the services are painless and require zero downtime. I use a variety of technologies to liquidize stubborn fat cells to allow your body to eliminate them. I would love to chat with you and answer any questions you may have. Please find me on Instagram: @BlissBody.Kamloops
